

NEWFOUNDLAND AND LABRADOR STUTTERING ASSOCIATION

Advocacy and Support for People Who Stutter

A Message from the Chair

Greg O'Grady,
Chair, NLSA

[Happy International Stuttering Awareness Day!!](#) As autumn settles across Newfoundland and Labrador, we're reflecting on another season of growth and connection. The Newfoundland and Labrador Stuttering Association (NLSA) continues to be powered by our community - people who stutter, families, friends, educators, and allies who believe that communication is a human right. Our Annual General Meeting earlier this month was a chance to celebrate our progress and reaffirm our commitment to improving accessibility and inclusion for people with communication disabilities. Thank you to everyone who joined and contributed their time, ideas, and support.

Get Involved

From events and research to advocacy and outreach, the NLSA thrives on community involvement. If you'd like to volunteer, partner, or simply learn more, get in touch - there's always room for another voice at the table.

TODAY IS...

International Stuttering Awareness Day

22 October

Community Highlights

Walk, Run & Roll 2025

Our annual Walk, Run & Roll fundraiser was a joyful success. Thanks to everyone who participated, donated, or volunteered. Together, we raised over \$5,000 to help children and families offset the costs of speech–language therapy sessions across Newfoundland and Labrador.

The event once again showed the power of community in motion - whether walking, running, or rolling, everyone played a part in moving accessibility forward.

“A Million Things I Need to Say” 1K/5K Walk, Run, Roll & Bursary Program

Since 2018, the NLSA annual event has raised funds to subsidize therapy, equipment, and related costs - helping preschoolers, school-age children, adolescents, adults, and seniors who stutter (and others with communication challenges) access the support they need by directly shortening their path to care. With the support of individual donors, community partners, government, and corporate sponsors the NLSA is pleased to announce that we can award SIX \$1,000 Bursaries.

Applications will be available on request from Wednesday October 22nd until Friday November 28th. Email info@nlstuttering.ca

Monthly Support Group

Our monthly support group is taking on a new life as the “Kitchen Party”. It continues to be a space for laughter, storytelling, and belonging, a space where people who stutter, family members, friends and allies can gather - whether online or in person - to share experiences and find connection.

Next Kitchen Party: Wednesday, October 29th at 6:30 to 7:45 PM NST. Join via Zoom - details available upon registration: info@nlstuttering.ca

NLSA Reading Group

The NLSA Reading Group is a welcoming space to explore stories, research, and lived experiences about voice, stuttering, and communication. Each month, we meet online to discuss short readings that spark reflection and conversation - no academic background required. All are welcome. To register or suggest future readings, email pauldd@mun.ca

New Research: Building Accessibility Across NL

We're thrilled to announce that six new Research Assistants have joined the NLSA team to help carry out our community Accessibility Project. This initiative is assessing how people with communication disabilities experience accessibility across education, healthcare, and community life in Newfoundland and Labrador. Our new RAs will be supporting participant outreach, conducting interviews, and helping analyze data from our ongoing province-wide accessibility survey. More information will be posted on our website in November.

📍 Newfoundland and Labrador

Representing Newfoundland and Labrador at the CSA Meeting

Next month, Paul De Decker will travel to Kingston, Ontario to represent the NLSA at this year's [Canadian Stuttering Association \(CSA\) conference](#). The CSA meeting brings together people who stutter, researchers, clinicians, and advocates from across the country to share experiences and strengthen national collaboration.

Some Stutter, Luh! Podcast

Thank You

We're grateful to all our members, partners, and supporters who make this work possible. Together, we're building a Newfoundland and Labrador where every voice - fluent or not - is valued, heard, and celebrated.
